

Editing Go Science Files

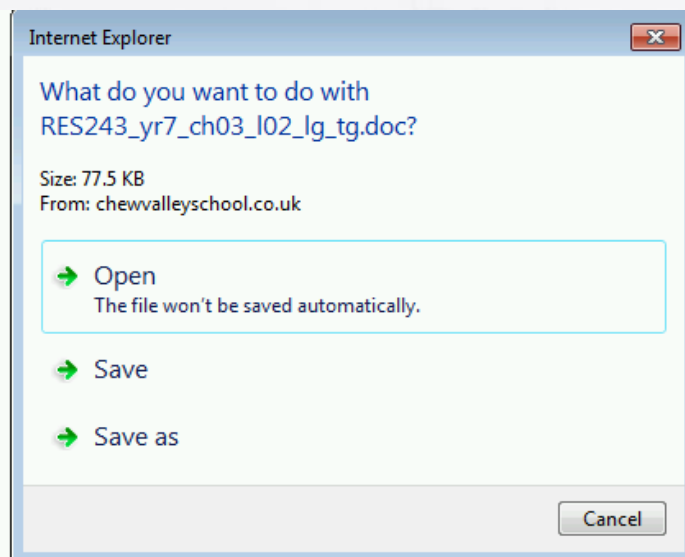

1. Open Go Science from the start menu.

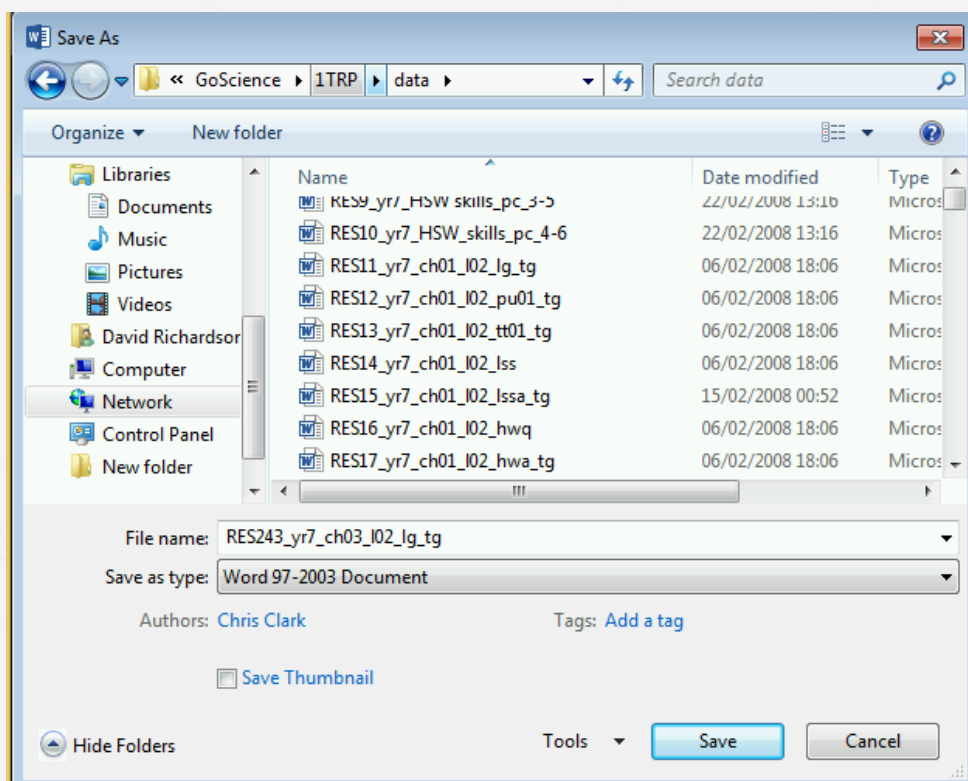

2. Select the file you wish to download and edit.

3. From the pop up menu select open.

4. Make any changes you need in Word.
5. Once you've finished save the files into the shortcuts on your Desktop
Save as > Browse > Desktop > GoScienceXTRP Resources.

6. Make sure there are no brackets with a number in after the filename.
7. Finished.
