

How to enable access to YouTube for students

1. Open **Impero**

2. Find the **Room** you are in on the left panel

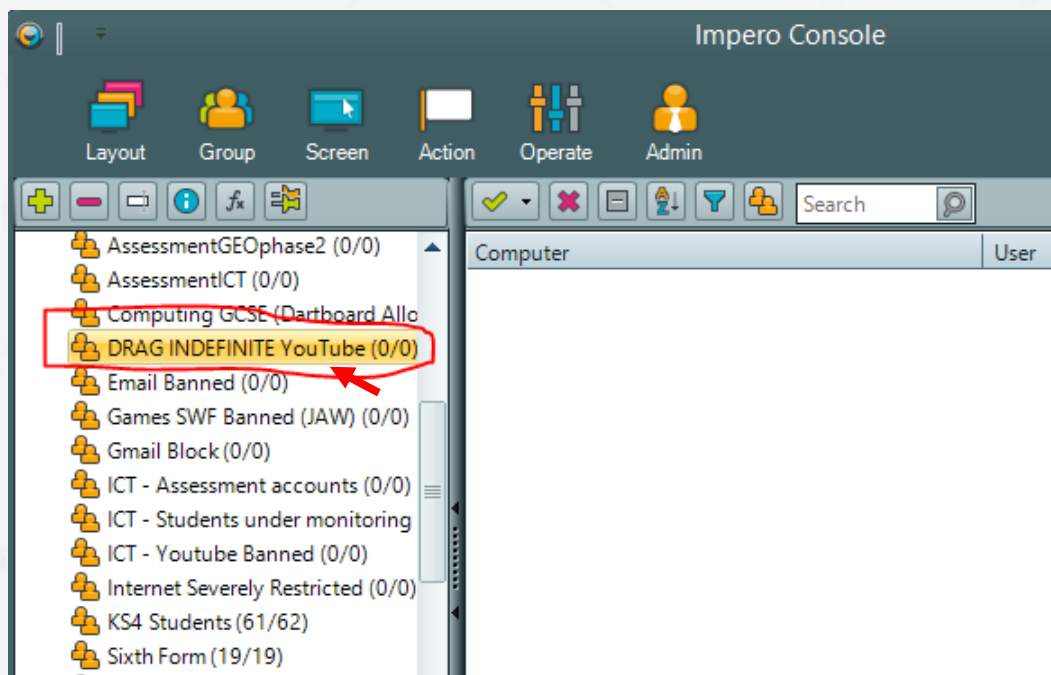

A screenshot of the Impero Console interface. The left panel shows a list of rooms, with "H8 Suite (10/10)" highlighted. The right panel shows a table of computers and users. The table has columns for Computer, User, and Violations. The bottom status bar shows "0 computers ticked".

4. Click on a ticked student and **drag** to the **DRAG INDEFINITE YouTube** group.

5. The **Add to Group** Window will appear. Select a limited time (until end of the lesson) and click **OK**.
Students found in this group having no limited time access will be automatically removed at random times.

To **disable** access to YouTube for any student:

1. Go to **DRAG INDEFINITE YouTube** group on the left panel
2. Tick student(s), right click and remove from the group.
